

# The Prewriting Worksheets Series

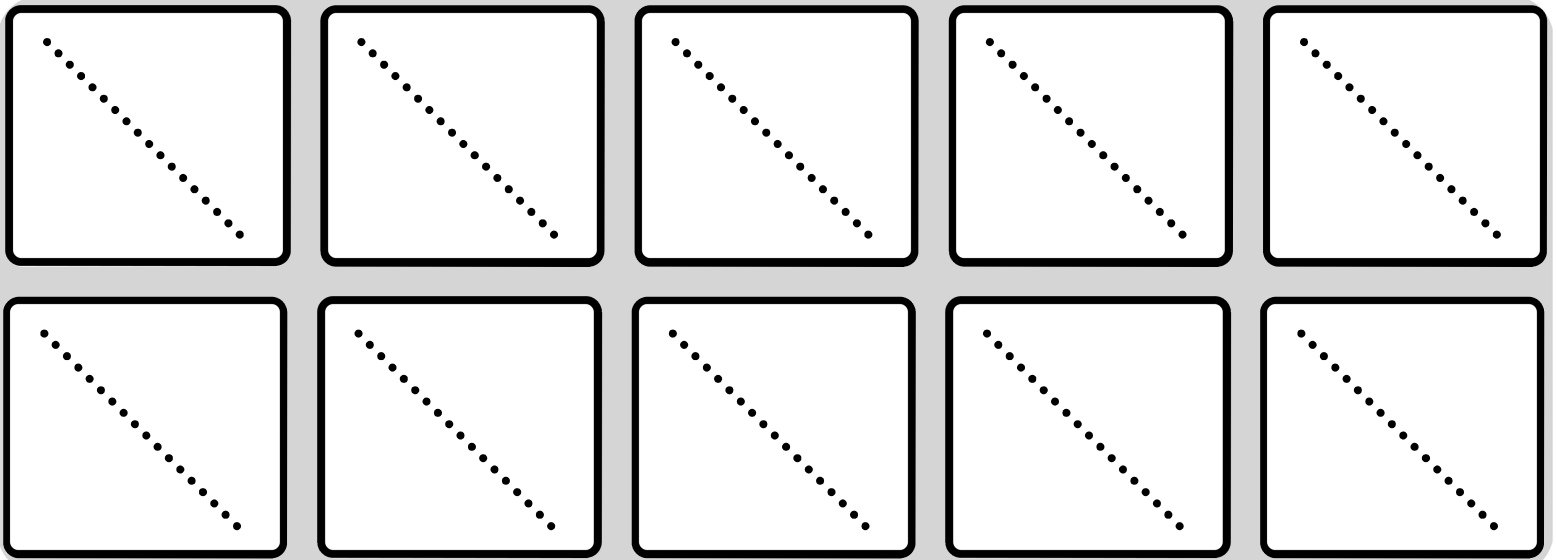

## Right and Left Diagonal Lines

Do you remember these diagonal lines?

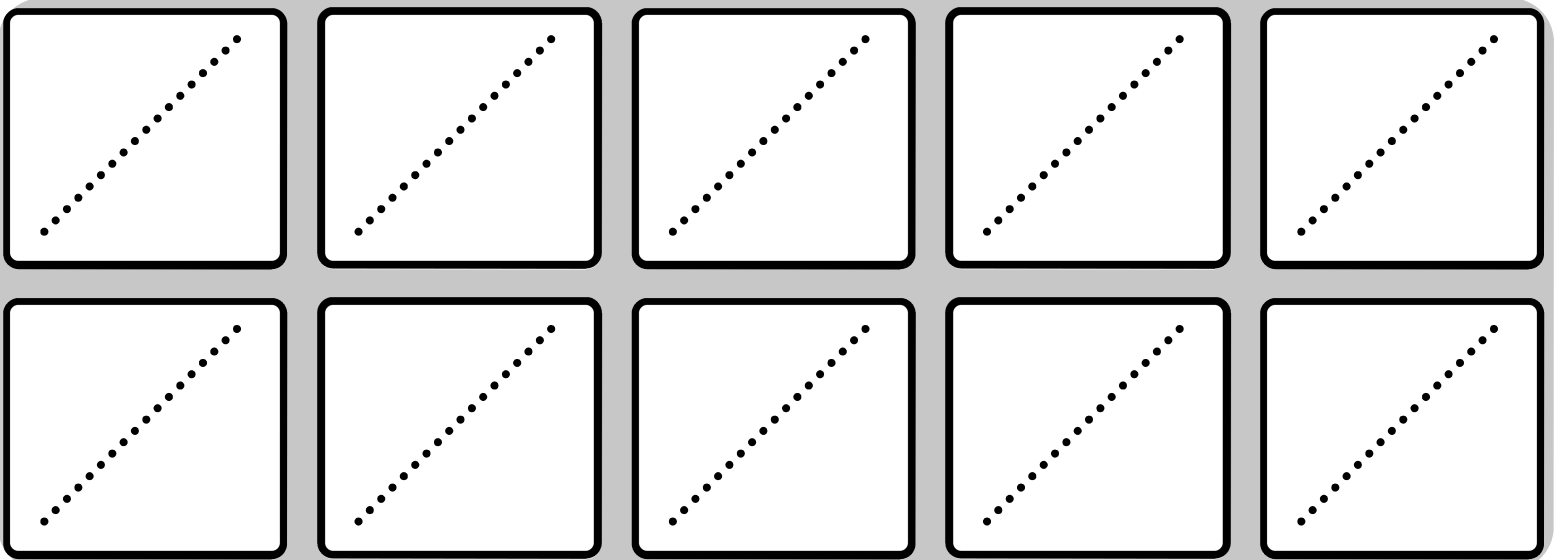

You learned how to trace them!

Let's do a little more practice!

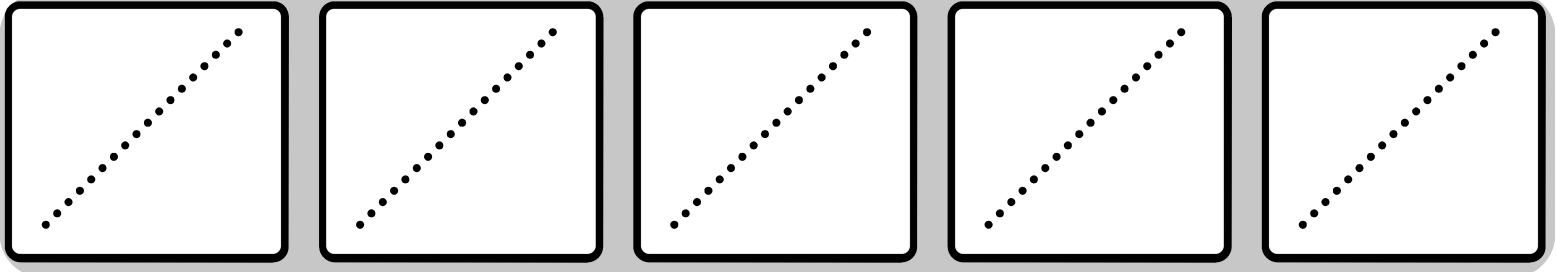

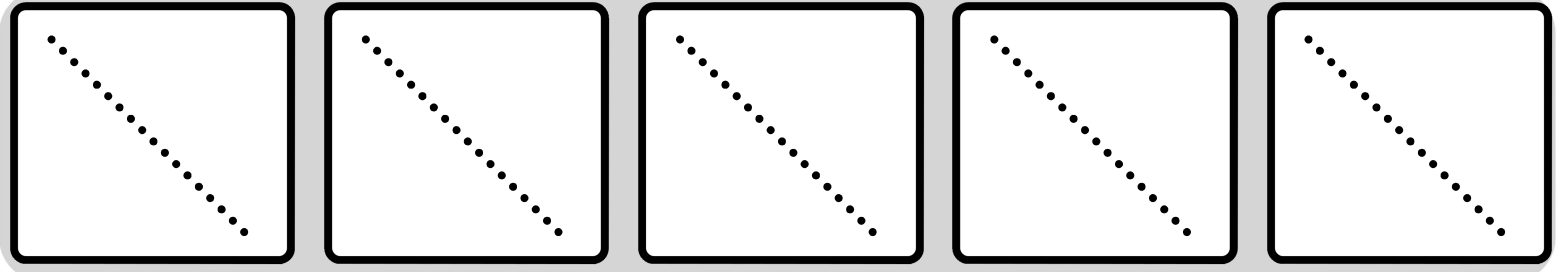

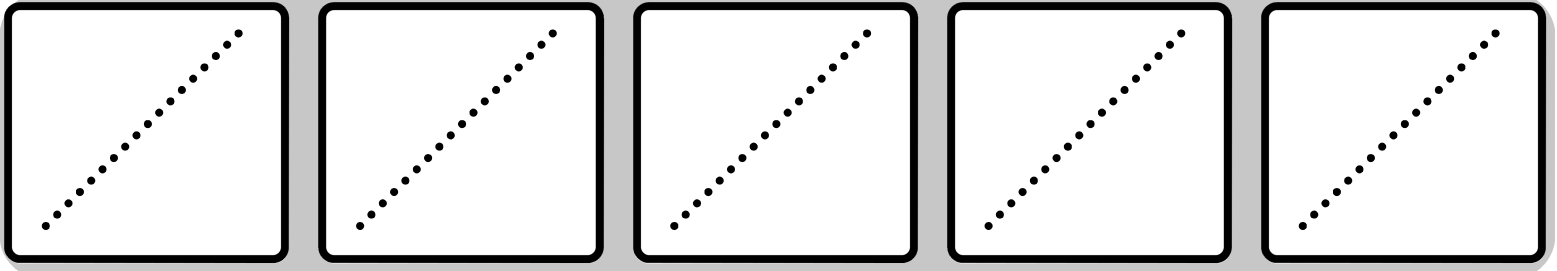

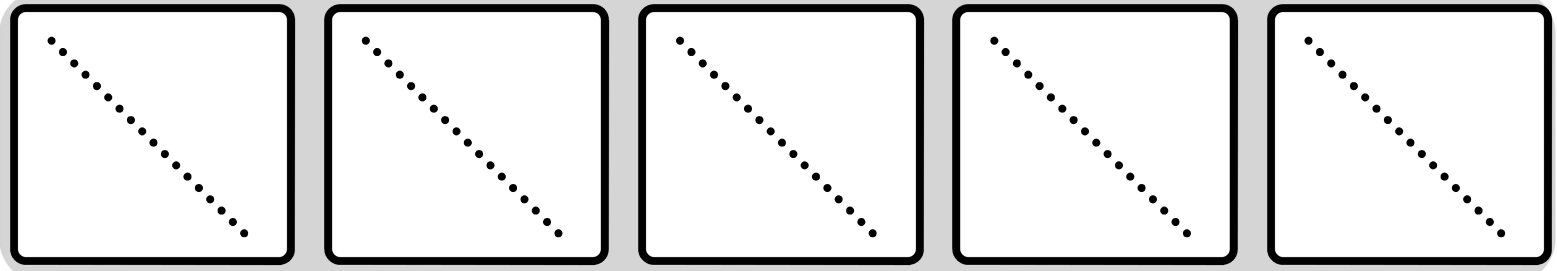

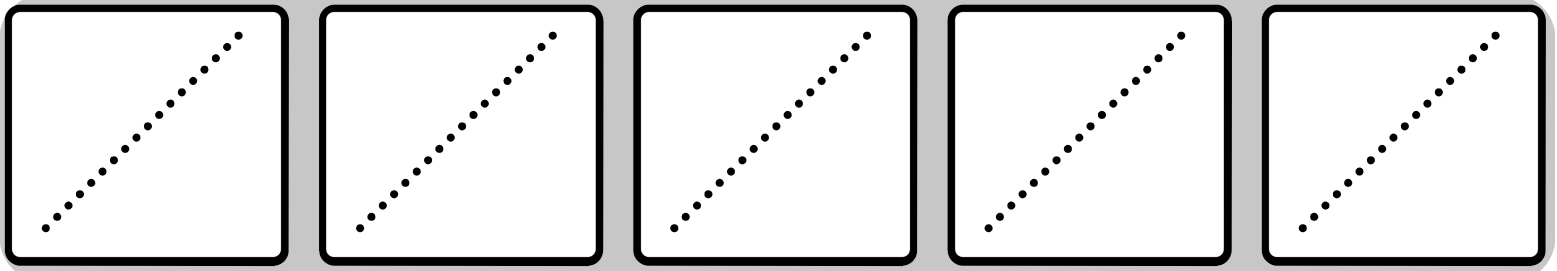

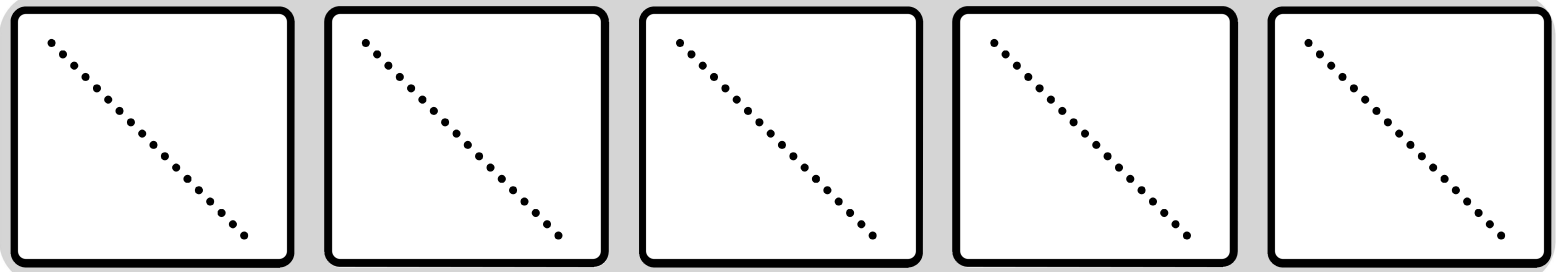

Let's trace our right diagonal lines! Remember to start at the top and go down to the right.

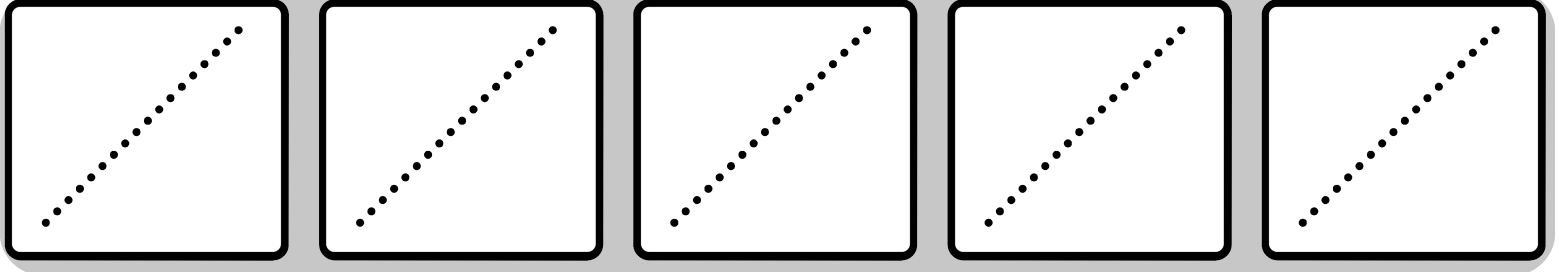

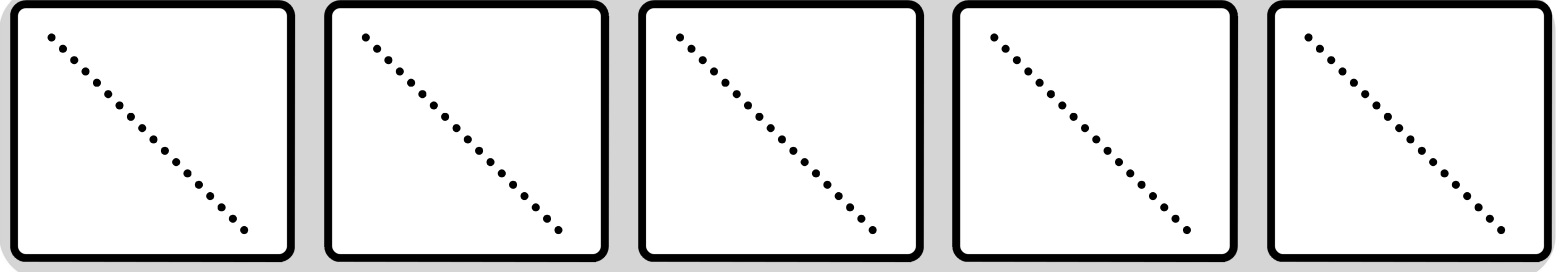

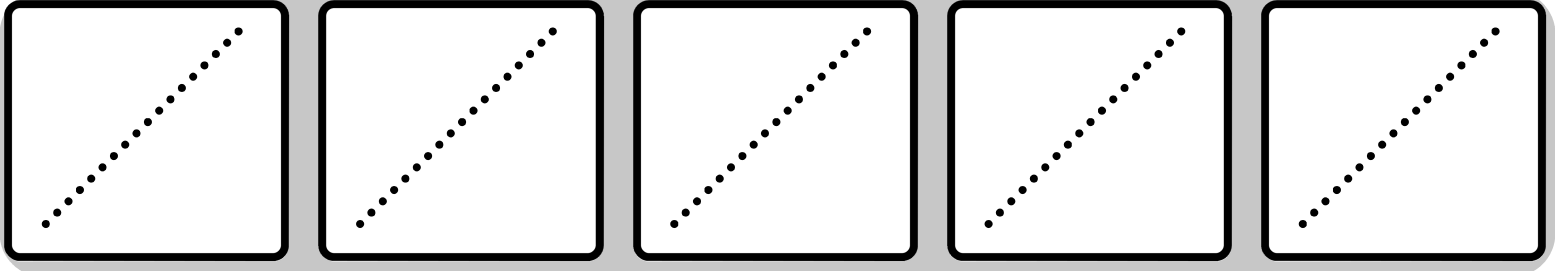

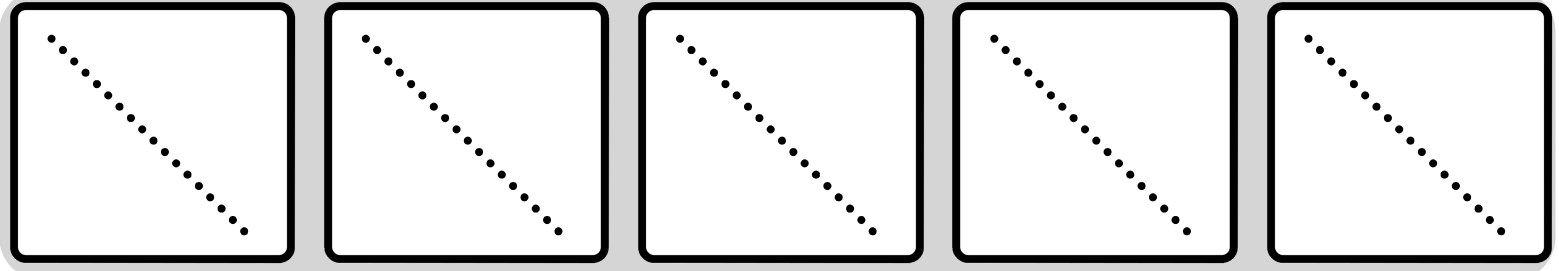

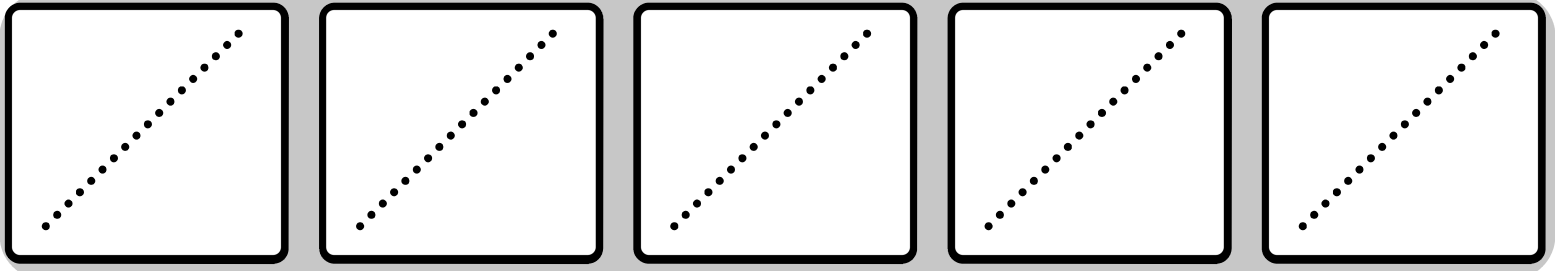

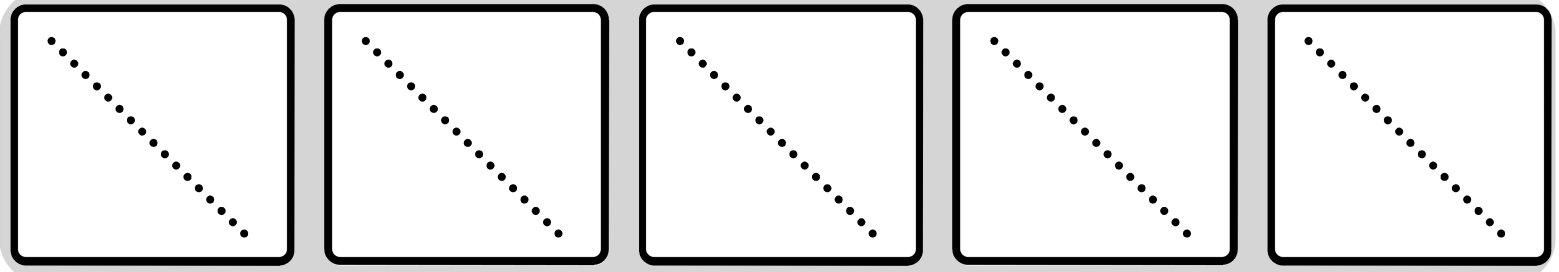

Let's trace our left diagonal lines! Remember to start at the top and go down to the left.

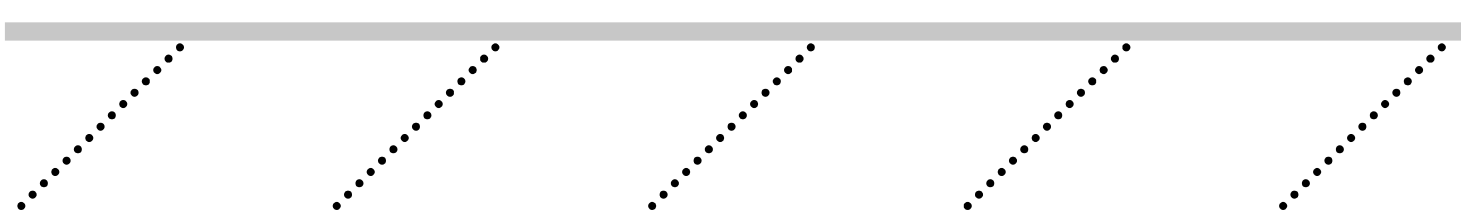

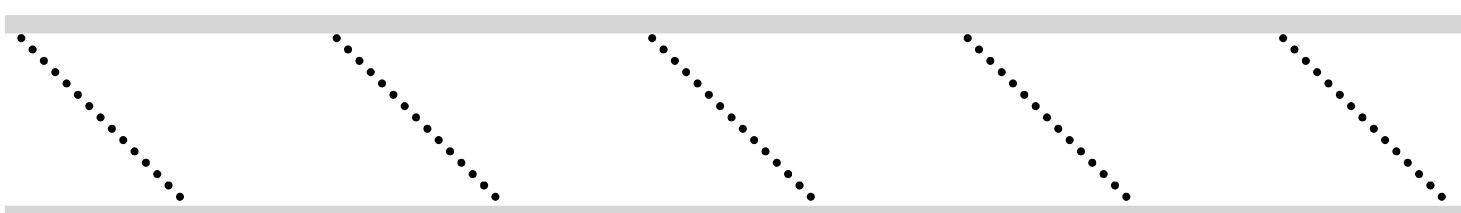

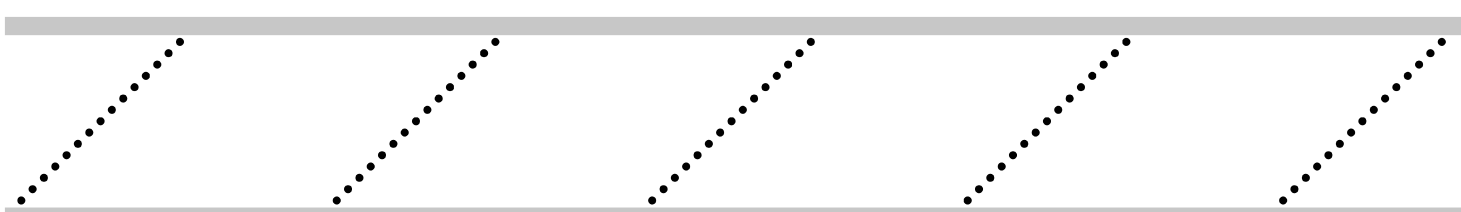

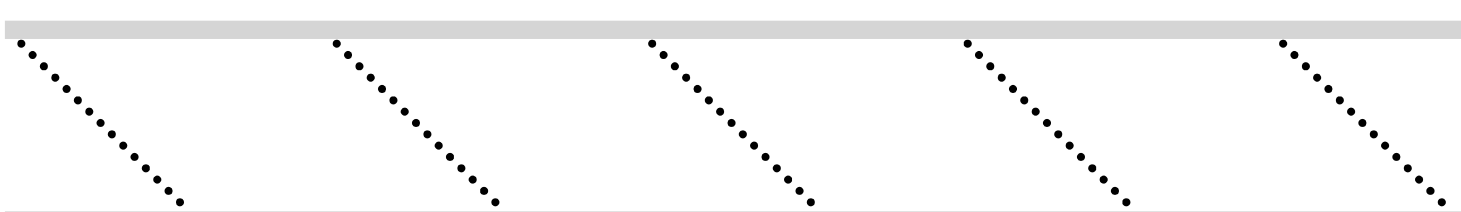

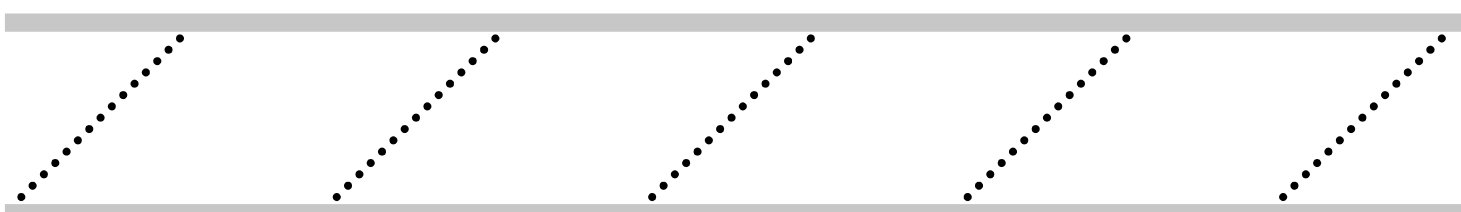

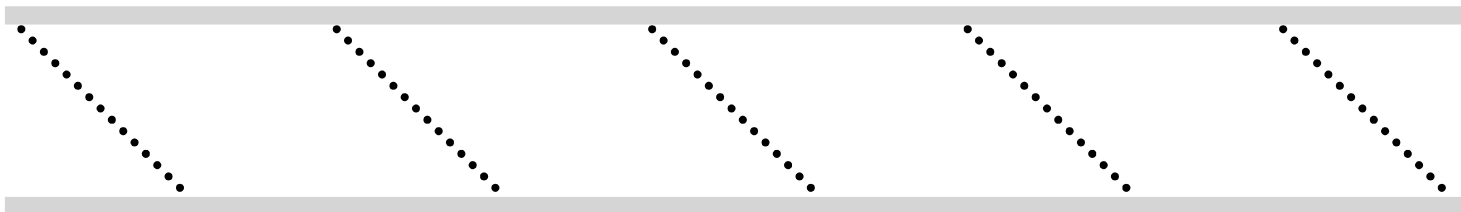

Way to go! Trace the lines below.

You're doing great! Keep tracing!

Trace the lines below. Try to stay inside the blue and yellow areas!

Draw a line from each top dot down to its matching bottom dot.

The worksheet contains four identical sets of horizontal lines. Each set consists of a top line with four black dots and a bottom line with five black dots. A grey arrow points from the first dot on the top line to the first dot on the bottom line in each set.
